

The Truth about 'Vaccine Passports' v1. And FAITH

10 April 2021 at 17:09

It's ungodly as well as unlawful even to plan Vaccine passports let alone carry out the plan. It is contrary to our constitution, the Nuremberg Code and The resolution no 2361 of the Council of Europe (not EU). Uk was a founder member in 1949.

Thank you, Roger. Katherine and I have both declined to be vaccinated. I am also going to write an article in Derek Bennett's Euro Realist on-line magazine urging people to support any minority party that stands or spoil their ballot papers in next month's local and assembly elections. I have also signed [this letter](#) from Christian leaders (the term is used in a very broad sense) expressing concern over this issue.

That we should be facing this from a Conservative Prime Minister is nothing short of appalling. I guess you've heard the rather pithy complaint:- "Vote Boris, wanted Churchill, got Stalin"

Best wishes,

John

The last bastion of freedom falls and the creation of total monitored permitted activity (slavery) begins with SOCIAL ACTIVITY PASSPORTS aka the Vaxx Passport. There will never be any freedom after this and if we do not ALL rebel now.

The cause has been created by deceit panic and many years of planning.

The Truth About 'Vaccine Passports'

DON'T THINK THAT HAVING COMPLIED WITH FORCED VACCINATION THAT YOU WILL ESCAPE THE FULL SCOPE OF THE SOCIAL CREDIT SCORE SYSTEM.

-their ultimate goal. If you want to know what this last year has really been about listen to this CEO of a tech company.(Naomi Wolf has been deplatformed 5 times.) She is technical and wise and knows exactly what she is talking about. Essential listening and understanding.

This is about DATA harvesting and what they can do with it on a Chinese social credit system.

Do you remember the stink created with Cambridge Analytica story that data was being harvested by Facebook to influence voting behaviour? This was a tiny stink to what they can do on this new system they're constructing.

Imagine you could block certain individuals, political parties and opinions on social media platforms, deplatform them, to influence the way the sheeple vote. We've not seen any of that have we from Big Tech?
