"How does a Government create a false panic about a false pandemic?"

Pick a coronavirus - so common that the majority of the world's human population carry covid/coronavirus DNA, even when perfectly healthy.

Add testing with a PCR test that is a big failure. Choose a specific location and old or persons with comorbidities. Then test as quickly and as widely as possible whilst raising the panic and psychological operations to increase the fear thus created. The millions of false positives and man's daily natural death toll will do the rest.

That is what has been done to date but people are awaking to reality at last.

Why are we being deceived? This measured gentleman explains it all. Please watch:-

The cause has been created by deceit panic and many years of planning, well before the summer of 2019 and Event 21. Now we are in 2021! Beware.

If you want to know what this last year has really been about listen to this CEO of a tech company. (**Naomi Wolf** has been de-platformed 5 times.) She is technical and wise and knows exactly what she is talking about. It is "essential listening and understanding".

Do you remember the stink created with the Cambridge Analytica story that data was being harvested by Facebook to influence voting behaviour? This was a "tiny stink" when compared to what they can do on new flexible and add-on systems they're constructing.

Naomi Wolf outlines these.

Imagine if you could block certain individuals, political parties and opinions on social media platforms, de-platform them, to influence the way the "sheeple" vote. We've not seen any of that yet have we from Big Tech? Or have we?

The Nuremberg Code: Have we not studied this recently?
