Time to take a stand Patriot

It is time for English Patriots to RISE UP!

Patriot, as the England we love and cherish is slowly torn apart by our establishment, I ask you: **Will you stand up in her defence?** Will YOU do your duty as old England expects?

We, the English Democrats, are determined to restore our ancient land to its former greatness. Help us end uncontrolled immigration. Stand up for **Equality** for the English.

Most importantly, stand up for YOUR birth right!

Did **YOUR** grandfather brave the German bullets at Ypres, Passchendaele and Normandy for a

pseudo-Islamic caliphate of England (look at Sadiq Khan's London)?

For an England where THOUSANDS of decent patriots are harassed and jailed every year (In England over **5,000** ARRESTED in 2016 alone for **online** 'offensive' comments alone) for simply voicing their opinions?

For an England where expressing pride in our heritage is condemned as "racist"?

In this darkest hour, we need Patriots to rally to her cause!

If good men do nothing, evil will triumph, and the land of our ancestors will be **LOST FOREVER**.

This sceptred isle has been drenched in the blood of heroes in defence of our freedom; that very freedom is now being stripped from us by our liberal elite as our towns and cities are transformed into alien territories.

We are of the blood of history's great heroes; of Drake, of Nelson, of Churchill. What would they say if they could see the England of today? They would say: "**England expects every man to do his duty!**" Will **YOU** answer that call in your generation? If not, **WHO** will?

Therefore, accept my personal invitation to YOU this day to stand proud as a true patriot and join England's fastest growing and well-established ENGLISH DEMOCRATS PARTY.....There is NO plan 'B'!

We fight for England or we lose it...Are YOU with me?

Yours sincerely

Robin Tilbrook

Party Chairman
