USA ELECTION

An update on the process for the next stage of the election process.

Thanks to Jacqui S latest e mail

Today, 15 December 2020 the Electoral College votes will be sealed and sent by special carrier to Washington where they will remain sealed until January 6th 2021 when the House and Senate will come into a joint session to open the votes.

The media is going to make you believe that it's all over and Joe Biden is now officially president...

On January 6th 2021, Nancy Pelosi will sit down with the rest of the House members as she will then have no special power or authority over the hearing. However Vice President Mike Pence will have all the authority as president of the Senate for that day and will accept or reject motions to decide the next steps by the assembly.

Remember... Mike Pence is in full authority that day as provided by the Constitution. The ballots will be certified today but that means nothing conclusive. When the votes are opened one House member could, and most likely will, raise their hand to raise an objection through the Vice President sitting as the president of the Senate concerning the state of the elector's votes. That objection could cover fraud or any other cause, and with the seconding of that objection everything then changes. Everything!!

The House and Senate will divide for two hours (at least) to debate and then proceed to vote. **The vote in the Senate** will be *one vote per Senator* with the Vice President being the deciding or casting vote if needed. **Meanwhile the voting rules in the House** only provide for *ONE vote per delegation, per state*, not per House member!!! The Republicans have 30 delegation votes compared to the Democrats 20 delegation votes.

If this scenario runs true and to the book then President Trump will probably be re-elected.

“The Democrats, the media, social networks and globalists around the world will come unhinged and chaos will erupt. *Bigly.*”

President Trump appears to be trying to do the right thing and go through the courts first, expose all the fraud, but as many thought likely, and a snow appears to be true, none of the courts, even the Supreme Court, seem at all enthusiastic about touching this issue with a 10-ft pole!

“This is perhaps why our forefathers were so brilliant because they knew something like this could happen someday. So, don't listen to the media and all their deception and lies. All you have to do is read the Constitution and you know that the law, policies and procedures in the end are on our side. Tic Toc... Tic Toc... “ our American correspondent ha swritten.
